

Wayzata Soccer Club

Risk Management Program

Wayzata Soccer Club Members,

The Wayzata Soccer Club (WSC), in conjunction with the Minnesota Youth Soccer Association (MYSA) and the United States Youth Soccer Association (USYSA), has implemented a Risk Management program to aid in protecting our players while they are participating in club-sponsored events. This includes but is not limited to protection from mental, physical or sexual abuse. The intent of this program long term is to protect the players from any and all possible risks the player may be exposed to.

This program is evolving and will continue to do so as time goes on. The scope and requirements will continue to change and expand every year. One of the most significant changes for the managers from the original program is that the program now requires an **annual renewal**. The program year will run from September 1st through August 31st.

The following table of content lists all of the components required for this year's program.

Thank you for your support of the Risk Management Program, and for your help to ensure that our children enjoy a safe and rewarding soccer experience.

David Talen
Vice President, WSC
Risk Management Coordinator
